

## IN THE CLAIMS:

Please amend the claims as follows:

1. A computer-readable medium having comprising computer readable instructions to instruct a computer to process a data structure stored on the computer-readable medium, wherein the data structure comprises one or more fields containing the information that describes a first musical composition, the computer-readable medium further comprising computer-readable instructions for selecting the first musical composition from among the plurality of other musical compositions that are similar to the first musical composition, wherein the information comprises a plurality of classification values that distinguish among features of the musical compositions.
  
67. A method as recited in claims 66, in which the first object is a pre-recorded motion picture.
  
68. A method as recited in claims 66, in which the first object is a book.
  
  
69. A method as recited in claims 66, in which the first object is a television program.
  
  
70. A method as recited in claims 66, in which the first object is a beverage.
  
  
71. A method as recited in claims 66, in which the first object is a work of art.
